

ALC 4.0: Phase 1 Challenge- Android

Description:

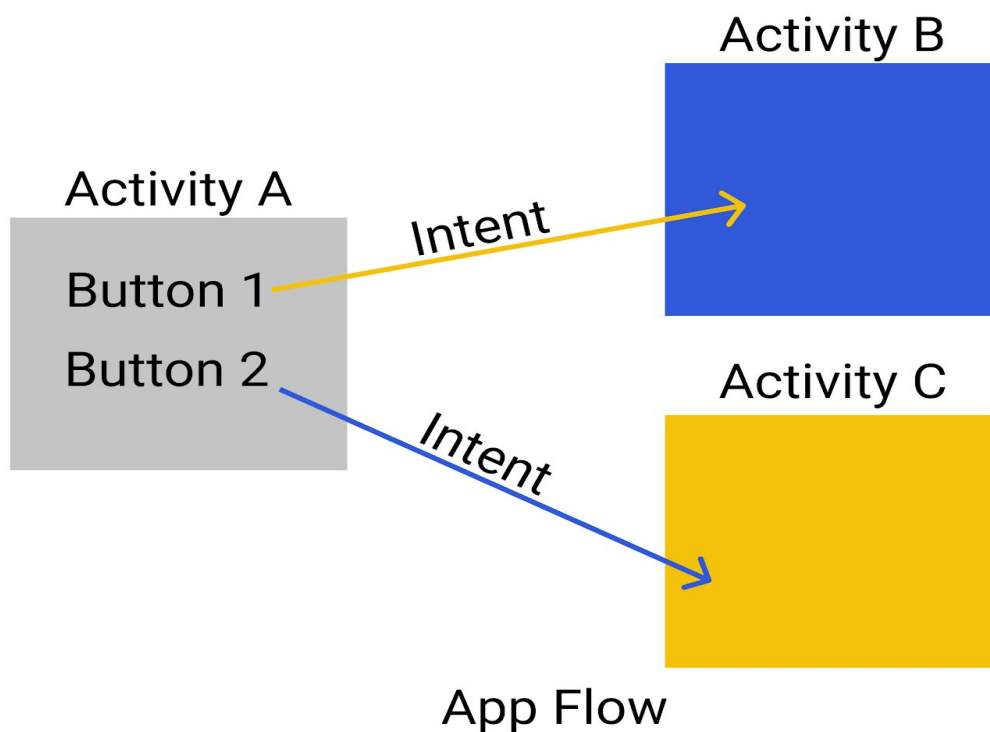

This challenge is a simple Android Application with three Activities, the first Activity is the main Activity with two Buttons.

Button 1 takes you to Activity B when clicked.

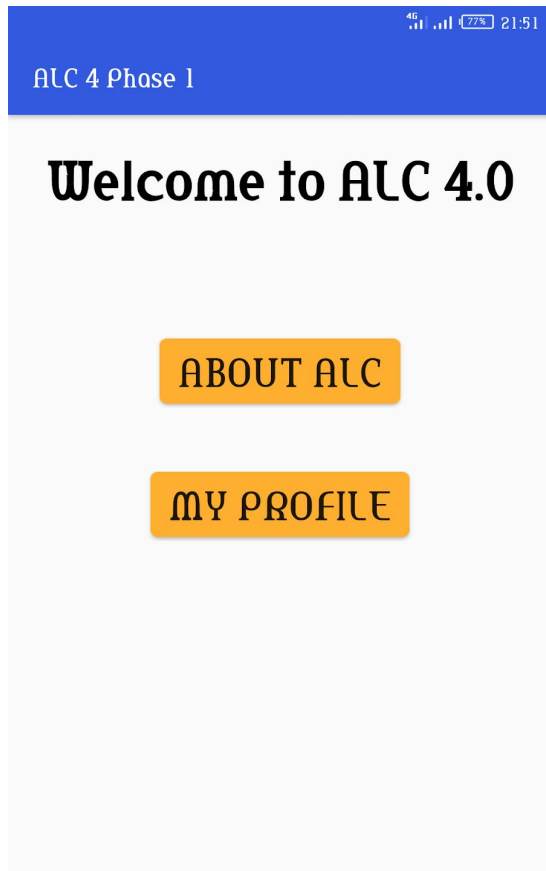

Button 2 takes you to Activity C when clicked.

Activity B is the About ALC page, it contains only a **Webview** that loads the URL <https://andela.com/alc/> which is the ALC about page.

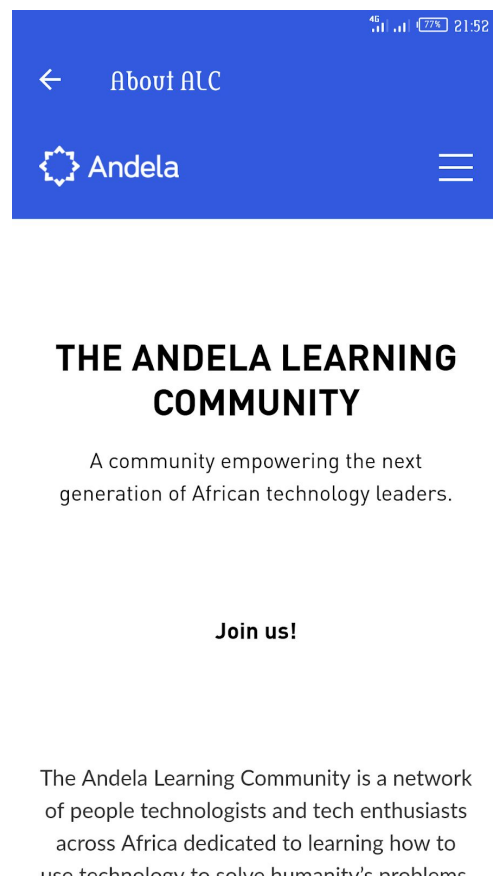

Activity C is your profile, it contains an **ImageView** which should display your photo, **TextViews** showing your **name**, **Track**, **Country**, **Email** and **Phone Number**.

Activity A (Main Activity)

Activity B (About ALC)

Activity C (My Profile)

How to submit:

Upon completion of the challenge, upload screenshots of all your screens you developed and the APK to either Google Drive or Dropbox and submit the link at <http://bit.ly/alc4ac-submission>.

Remember to set the folder permission to be viewable to anyone with a link, if your folder is closed, we will assume you did not complete the challenge and will record you as such.
